

Great Scenic Wonderland

Canadian Rockies Province For The Motorist

The fame of the Canadian Rockies as an unsurpassed summer playground ground has spread throughout the world, and each year sees an increasing number of tourists visiting this great scenic wonderland. Through the assistance of the Canadian Tourist Commission, the province of British Columbia has been provided to scores of tourists to enjoy the scenic grandeur of the mountains, lakes, and forests of the province.

The province of British Columbia provides one of the unforgettable thrills of a vacation spent in Canada, and all of the routes open up to the motorist the most spectacular in this land of the Pacific with its fine scenic views. The two great mountain playgrounds, Banff and Jasper Parks, and the famous Rocky Mountains National Park, are the most well-known tourist resorts in Banff, Lake Louise, Moraine Lake, Emerald Lake, and the wonderful Valley. The route from Winnipeg to Vancouver forms the western half of the Trans-Canada highway and is continuous both to the west and east.

The train journey from Revelstoke to Vancouver provides a wonderful opportunity of viewing the beauties of the Canadian Rockies. The train journey from Revelstoke to Vancouver provides a wonderful opportunity of viewing the beauties of the Canadian Rockies. The train journey from Revelstoke to Vancouver provides a wonderful opportunity of viewing the beauties of the Canadian Rockies.

Some Facts About Mars

Scarcity Of Water On Planet And Atmosphere Is Bare

The temperature of Mars must be one of great extremes, due to the absence of the atmosphere. From the temperature of Mars, it is estimated that the temperature is about 100 degrees Fahrenheit below zero.

Free Gravity on Mars

Free Gravity on Mars is only a little more than a third of Earth's gravity.

Weight of Mars

The weight of Mars is only a little more than a third of Earth's weight.

Atmosphere of Mars

The atmosphere of Mars is only a little more than a third of Earth's atmosphere.

Temperature of Mars

The temperature of Mars is only a little more than a third of Earth's temperature.

Gravity of Mars

The gravity of Mars is only a little more than a third of Earth's gravity.

Weight of Mars

The weight of Mars is only a little more than a third of Earth's weight.

Atmosphere of Mars

The atmosphere of Mars is only a little more than a third of Earth's atmosphere.

Temperature of Mars

The temperature of Mars is only a little more than a third of Earth's temperature.

Gravity of Mars

The gravity of Mars is only a little more than a third of Earth's gravity.

Weight of Mars

The weight of Mars is only a little more than a third of Earth's weight.

Atmosphere of Mars

The atmosphere of Mars is only a little more than a third of Earth's atmosphere.

Temperature of Mars

The temperature of Mars is only a little more than a third of Earth's temperature.

Gravity of Mars

The gravity of Mars is only a little more than a third of Earth's gravity.

Weight of Mars

The weight of Mars is only a little more than a third of Earth's weight.

Atmosphere of Mars

The atmosphere of Mars is only a little more than a third of Earth's atmosphere.

Temperature of Mars

The temperature of Mars is only a little more than a third of Earth's temperature.

Gravity of Mars

The gravity of Mars is only a little more than a third of Earth's gravity.

Weight of Mars

The weight of Mars is only a little more than a third of Earth's weight.

Atmosphere of Mars

The atmosphere of Mars is only a little more than a third of Earth's atmosphere.

Temperature of Mars

The temperature of Mars is only a little more than a third of Earth's temperature.

Gravity of Mars

The gravity of Mars is only a little more than a third of Earth's gravity.

Weight of Mars

The weight of Mars is only a little more than a third of Earth's weight.

A Lesson in Geography

Countries Change Names Depending On Where You Are

When you know how to address a letter from Denmark to Germany, or from Germany to Yugoslavia, or from Yugoslavia to the United States, you know how to address a letter from the United States to the United States.

Another Use For Helium

Checking Can Now Be Relieved By

Checking of untidy every sort can be ended by Helium.

This new use of the balloon gas to save lives, from babies who swallow gas, to the relief of the suffering with straining distensions, in their breathing tubes, was shown by the Helium Institute of the American Medical Association in Atlanta.

The helium, mixed with oxygen to make an artificial air, 80 per cent helium and 20 per cent oxygen. The first medical use of this air, to relieve asthma, reported in Philadelphia, was in 1906, and has been followed by rapid spread to other countries.

There were exhibited by Alvan L. Harsh, M.D., of the Columbia Presbyterian Hospital, New York City. They include motion pictures of children with chests have it cut out, and others with the effect to breathe ordinary air, who the next moment under a helium tent, is still breathing effortlessly. The helium light weight of the extreme air, is a fact, and the ordinary air—make the difference.

It is possible through the choked breathing passages of the child the muscular effort needed to breathe is removed.

A physical principle behind this is a law that the force required to move gas is directly proportional to the distance it travels.

Message From Lady Byng

Expresses Thanks To Canadian People For Her Sympathy

A message of thanks to those in Canada who "remembered her" during her recent visit to this country, was received from the Viscountess of Byng by Viscount Col. H. W. Byng, who is now in London. The Viscountess, who acted in the role of the Governor-General, the message read as follows: "The Viscountess of Byng of Vimy, Governor-General of Canada, wishes to express her sincere thanks to the Canadian people for the warm and friendly reception which she has received during her recent visit to this country. She is particularly grateful for the many kind and generous offers of hospitality which she has received from the Canadian people. She is also grateful for the many kind and generous offers of hospitality which she has received from the Canadian people. She is also grateful for the many kind and generous offers of hospitality which she has received from the Canadian people."

Extending Life Span

Scientific Professor Tests Animals

Successfully With Roentgen Rays

Producing Real Wealth

Frank's Gold Note Quebec Shows

Millions of Dollars Yearly

About 400,000,000 per year. Jacques

Cartier took bank from Quebec to

France a century ago what he thought

was gold.

The weird metallurgist of the

city he taught at the time he told

him that he had brought back "gold's

gold." What Cartier had mistaken

for gold was platinum, a valuable

white gemstone of the highest quality.

The same use is today being brought

into the Quebec treasury an amount

of about \$1,000,000 per year.

When gold was discovered in

the Yukon in 1911, an intensive

mining development set in, and

"fool's gold" is being made to

produce about \$1,000,000 of gold

to the ton.

Who might last laugh but

The metallurgist he laughed at.

Jacques Cartier four centuries ago

may have been one of the best of his

kind and learned about metallurgy since

1500, an increase of \$85,000,000

11.5 per cent, is shown.

Due to the increased use of

production, Canada's gross agricultural

wealth, according to preliminary

estimates, rose from \$5,500,000

in 1923 to \$10,000,000 in 1924.

At the same time land values are

rising. The agricultural wealth is

estimated at \$1,000,000,000.

There are 1,000,000 acres of

land, 250,000,000, 2,500,000,000, 25,000,000,000, 250,000,000,000,
